SELECTED UX PROJECTS

Pinly - Product Designer (Solo) | Portfolio — **Aug 2026 - Sep 2026**

- Took a mobile app from problem definition to a 98-link Figma prototype, grounded in a 25-response survey and 8-app benchmark.
- Mapped an information architecture of 19 screens and 37 states, then built a component library of 22 families and 63 variants, with variables and text styles, to keep the hi-fi UI consistent.

KidsConnect - UX Researcher & Design Contributor | Portfolio — **Jan 2025 - Mar 2025**

- Owned usability testing for a 3-person capstone team: built Maze studies, reviewed recordings and heatmaps, and analyzed ASQ data across two rounds (n=8; n=4 target users).
- Turned findings into navigation changes that raised ASQ scores for Add Child (4.10 to 5.76) and Delete Child (4.10 to 6.30); also contributed to a survey (n=16), interviews (n=6), and synthesis.

Amazon Accessibility - UX Researcher | Portfolio — **Sep 2024 - Nov 2024**

- Designed usability tasks and facilitated a remote session with blind JAWS users, evaluating filtering, cart, and checkout.
- Analyzed ASQ data and synthesized five recurring barriers into accessibility recommendations for page structure and filters.

Etsy Mobile - UX/IA Designer | Portfolio — **Jan 2024 - Mar 2024**

- Led card-sort setup and label simplification, first-click test design, sitemap creation, and high-fidelity mobile UI work in a 2-person team.
- Iterated the navigation after Treejack testing: task success rose from 67% to 94% and directness from 65% to 78%.

Personal Portfolio Website - Designer & Builder (Solo) | Live site — **2026**

- Designed and built a responsive portfolio site with Claude Code (Next.js, Tailwind CSS), including case studies and a visual-work gallery.

Geek Yogurt Pop-up POS - Product Owner & Builder — **2026 - Present**

- Defining requirements for a POS web app to replace hand-written orders at a family-run pop-up; hardware set within ฿10,000.
